List of used data and metadata sources for the MAFE Contextual Database

Albert Kraler, David Reichel, Alexandra König, Martin Baldwin-Edwards and Müge Simsek (2014): Final Report - Feasibility Study on the Labour Market Trajectories of Regularised Immigrants within the European Union (REGANE I). Vienna: ICMPD

This working paper provides estimates on regularisation granted through regularization programmes.

FILE: files/REGANE_Publication_Final.pdf

Center for Systemic Peace - Integrated Network for Societal Conflict Research - Political Instability Task Force (PITF), State Failure Problem Set

This dataset contains annual data on cases of ethnic war, revolutionary war, adverse regime change, and genocide/politicide (also, consolidated cases of political instability), including annual indicators of numbers of rebels, area affected, and numbers of deaths.

LINK: <http://www.systemicpeace.org/inscrdata.html>

FILE: files/PITFProbSetCodebook2013.pdf

Centre d'étude de Gestion Démographique pour les Administrations Publiques (GéDAP) and the Berlin Institute for Comparative Social Research (BIVS) on behalf of the European Commission - Annual Statistical Report on Migration and Asylum in Europe 2003: EMN Synthesis Report, 01 January 2004

FILE: files/Synthesis_Report_for_Annual_Report_on_Asylum_and_Migration_Statistics_2003.pdf

Database on Irregular Migration

This database offers estimates on irregular migrants in Europe. It was developed in the framework of EU-funded research project CLANDESTINO (2007-2009).

LINK: <http://www.irregular-migration.net/>

Database on Irregular Migration - Main Methodological Reference

FILE: files/WP4_Kovacheva-Vogel_2009_EuropeEstimate_Dec09.pdf

Eurostat - Statistics Database

It offers a whole range of statistics at European level that enable comparisons between countries and regions. It covers European countries and, for selected mainly economic indicators, also other western countries.

LINK: https://ec.europa.eu/eurostat/databrowser/explore/all/all_themes?lang=en

European Migration Network (EMN) - Annual Report on Asylum and Migration Statistics

The EMN collects statistics from Member States across a range of migration and asylum themes. These statistics inform the Commission's Annual Reports on Immigration and Asylum.

LINK: https://ec.europa.eu/home-affairs/networks/european-migration-network-emn/emn-publications/emn-annual-reports_en

European Migration Network (EMN) - Annual Report on Asylum and Migration Statistics 2006, October 2009

FILE: files/emn_synthesis_report_annual_report_on_asylum_and_migration_statistics_2006_en.pdf

European Migration Network (EMN) - Annual Report on Asylum and Migration Statistics 2007, December 2010

FILE: files/emn_synthesis_report_asylum_migration_statistics_2007_final_december_2010_en.pdf

FAO Statistics Division

The Food and Agriculture Organization of the United Nations provides through its Statistics Division statistics on areas of agriculture, forestry and fisheries, land and water resources and use, climate, environment, population, gender, nutrition, poverty, rural development, education and health as well as many others.

ILO Key Indicators of the Labour Market (KILM)

This is a comprehensive database of country-level data on 18 key indicators of the labour market from 1980 to the latest available year.

LINK: <https://www.ilo.org/global/statistics-and-databases/research-and-databases/kilm/lang--en/index.htm>

Kraler, A. (2009). Regularisation: A misguided option or part and parcel of a comprehensive policy response to irregular migration?. IMISCOE Working Paper No. 24. February 2009

This working paper provides estimates on regularisation granted through regularization programmes.

FILE: files/Regularisation_Europe_IMISCOE_WP24_2009.pdf

Migrant Integration Policy Index (MIPEX)

The MIPEX measures integration policies in all European Union Member States plus Norway, Switzerland, Canada and the USA. It is based on public laws, policies and research.

Jan Niessen et al. Migrant Integration Policy Index (2007) British Council and Migration Policy Group, Brussels.

FILE: files/migrant_integration_policy_index_mipex_ii-2007.pdf

Thomas Huddleston et al. Migrant Integration Policy Index (2011) British Council and Migration Policy Group, Brussels

FILE: files/migrant_integration_policy_index_mipexiii_2011.pdf

OECD Family Database

It provides 70 cross-national indicators on family outcomes and family policies across the OECD countries, its enhanced engagement partners and EU member states.

LINK: <https://www.oecd.org/els/family/database.htm>

OECD INTERNATIONAL MIGRATION DATABASE

This database offers data provided by OECD network of correspondents, constituting the Continuous Reporting System on Migration (SOPEMI). It covers most OECD Member countries as well as the Baltic States, Bulgaria and Romania. Indicators concern the flows and stocks of the total immigrant population and immigrant labour force, together with data on acquisition of nationality. Data have not necessarily been harmonised at international level.

LINK: <https://stats.oecd.org/Index.aspx?DataSetCode=MIG>

OECD Population and Vital Statistics

The Population and Vital Statistics dataset presents components of change in the population during one year and mid-year population data for the 34 OECD member countries.

LINK: https://stats.oecd.org/Index.aspx?DataSetCode=ALFS_POP_VITAL

OECD.Stat Extracts

It gathers data from OECD databases available via OECD iLibrary. Data and metadata for OECD countries and selected non-member economies.

LINK: <https://stats.oecd.org/>

RAMON Eurostat's Metadata Server

It makes available a large stock of past and present metadata in order to help users in the analysis of statistical data.

LINK: https://ec.europa.eu/eurostat/ramon/index.cfm?TargetUrl=DSP_PUB_WELC

The Demographic and Health Surveys STAT compiler

It gives the possibility to make custom tables using data from the Demographic and Health Surveys (DHS) for about 70 countries in Africa, South America, Eastern Europe and Asia. These surveys are nationally-representative household surveys that provide data for a wide range of indicators in the areas of population, health, and nutrition.

LINK: <https://www.statcompiler.com/en/index.html>

The Human Fertility Database

This database provides free and user-friendly access to detailed and high-quality data on period and cohort fertility for about 30 countries. The data are based on official vital statistics. Warranty of data comparability across time and countries is sought through uniform methodology.

LINK: <https://www.humanfertility.org/cgi-bin/main.php>

The Human Mortality Database

It contains open, international access to detailed population and mortality data for the 37 countries or areas.

LINK: <https://www.mortality.org/>

The World Bank – World Development Indicators

This is World Bank collection of development indicators, compiled from officially recognized international sources. It is available through the The World Bank DataBank tool.

LINK: <https://databank.worldbank.org/>

Transparency International

This is an independent organization collaborating with partners in government, business and civil society to put effective measures in place to tackle corruption. Among other things, this organization provides the Corruption Perception Index (CPI) which measures how corrupts are public sectors. The 2013 CPI covers 177 countries.

LINK: <https://www.transparency.org/en/cpi>

UNECE Statistical Database

This database provides free access to macroeconomic, gender, transport and forestry statistics. Maintained by the Statistical Division of the UNECE Secretariat, it covers all the UNECE countries.

LINK: <https://w3.unece.org/PXWeb/en>

UNESCO Institute for Statistics

It contains indicators on domains such as education, literacy, science, technology and innovation, culture, communication and information, for most countries in the World.

LINK: <http://data.uis.unesco.org/>

United Nations Development Program - Human Development Report

Published since 1990, the Human Development Report was set to be an intellectually independent, empirically grounded analysis of development issues, trends, progress and policies in the World. It provides data on following indexes: Gender Development Index (GDI), Human Development Index (HDI), Inequality-adjusted Human Development Index (IHDI), Gender Inequality Index (GII), and Multidimensional Poverty Index (MPI).

LINK: <https://hdr.undp.org/en/data>

United Nations, Department of Economic and Social Affairs, Population Division - World Population Policies Database

It provides comprehensive data on evolution since 1976 of Government views and policies with respect to population size and growth, population age structure, fertility, reproductive health and family planning, health and mortality, spatial distribution, and internal and international migration within the context of demographic, social and economic change. The Database is updated biennially by conducting a detailed country-by-country study on multiple sources including the United Nations Inquiry among Governments on Population and Development.

LINK: <https://www.un.org/development/desa/pd/data/world-population-policies>

United Nations, Department of Economic and Social Affairs, Population Division - World Population Prospects

It provides global demographic estimates and projections undertaken by the Population Division of the United Nations Department of Economic and Social Affairs of the United Nations Secretariat. It includes main indicators about population trends, fertility, mortality and migration.

LINK: <https://population.un.org/wpp/>

UN Inter-agency Group for Child Mortality Estimation

It provides harmonized estimates within the UN system on child mortality. It is led by the United Nations Children's Fund (UNICEF) and the World Health Organization (WHO). It also includes the World Bank and the United Nations Population Division of the Department of Economic and Social Affairs as full members.
